Dear Nick:

Thank you for your contribution and participation in the dedication of the Idaho State Veterans Cemetery on Saturday, July 31, 2004. It will be a day long remembered and well cherished by the veterans and their families of our great state.

It was indeed a glorious day that will forever be etched in the memories of all who took part. From the moving raising of the POW/MIA flag at the end of Memorial Drive, the laying of wreaths by the veterans' organizations, to the reading of the names of those honored along the Avenue of Flags. The chill that went down everyone's spines when the flags of our Armed Forces were raised to the strains of each service song, the grand raising of magnificent "Old Glory" and the heartfelt singing of our National Anthem, the musical tribute to our service men and women, the 21-gun salute, the always solemn playing of Taps, the pipes and drums playing "Amazing Grace," the Missing Man fly-over, and finally, to the cannon salvo – we will always be grateful for your contributions in making it such a memorable day.

I am honored to have been able to participate with you in this most fitting tribute to our nation's heroes. Again, I thank you for your generous support of our veterans and your contribution to our state.

Sincerely,

A handwritten signature in black ink, appearing to read "Dirk Kempthorne".
